

2020 Summer Undergraduate Research Internship

Participate in transportation safety research at the Texas A&M Transportation Institute (TTI) – the largest university-based transportation research institute in the country.

Each student will be paired with a research mentor and will work on an ongoing research project.

RESEARCH TOPICS INCLUDE:

- Connected Vehicles
- Automated Vehicles
- Big Data Analytics
- Transportation as a Service

BENEFITS OF THIS RESEARCH EXPERIENCE:

- Learn more about careers in transportation research
- Explore whether graduate school is right for you
- Meet students from across the country with similar interests
- Learn new skills in conducting and presenting research

\$6,000 will be provided to support the student for ten weeks. The program will also provide housing for the duration of the program, as well as a generous food allowance.

Sponsored by the Safe-D University Transportation Center.

Application details can be found at <https://safed.tti.tamu.edu/>
